Styrodur®

Dear Sirs

BASF's green insulation board Styrodur® is produced on two BASF sites in Germany (Ludwigshafen / Schwarzheide). The main raw materials are available within BASF at Ludwigshafen. Our sales area is limited to Europe. Our material is transported within a radius of ~ 500 km.

We are inserting an amount of up to 20 percent of recycled material into our production.

Please do not hesitate to contact us for further information.

Best regards

Eva-Maria Müller
